OBJECTIVE

To secure a responsible position where I can apply my skills in machine operation, production quality, and technical processes, while contributing to the growth of the organization and developing my career.

SKILLS

- Rewinding & Cut-Sheet Machines
- CNC Machine Operation
- Injection & Molding Machines
- Production & Assembly Machines
- Machine Setup & Adjustments
- Material Loading/Handling
- 5S & Safety Compliance
- Quality Checking Instruments

KEY STRENGTHS

• Quick Learner • Hardworking & Disciplined • Good Team Coordination • Safety & Quality Focused • Time Management

EXPERIENCE

Ape-2016 - Aug-2017

Product quality

ARVIND LIMITED

A quality inspector monitors the quality of incoming and outgoing products or materials for a company. Also known as quality control inspector, they are tasked with conducting tests, analyzing measurements, and overseeing production processes. work in assembly lines or production departments

2017 - 2018

CNC Machine Operator

Lubi Industries LLP

Operated CNC turning/milling machines to produce precision pump and motor components.

Set up machines, adjusted offsets, and loaded programs as per job specifications.

Performed in-process quality checks using calipers, micrometers, and gauges.

Monitored machining operations and made necessary adjustments to maintain accuracy.

	Handled material loading/unloading and maintained daily production records.
Oct-2018 - Apr-2019 STORE KEEPER	<p>Followed all safety rules and 5S standards to keep the work area clean and safe.</p> <p>MUSCOT PUMP LIMITED,GIDC NARODA</p> <p>Keep a record of sales and restock the store accordingly. Manage and train store staff.</p> <p>Plan promotional campaigns for new products or specials. Ensure that the store is kept clean and organized.</p> <p>Mediate any confrontations between staff and clients, and de-escalate the situation.</p>
March-2019 - May-2020 PRODUCTION SUPERVISOR	<p>ZEETA ELECTRICAL ENGINEERING</p> <p>Manage the workflow by assigning responsibilities and preparing schedules. Guide and coach employees, monitoring their productivity.</p> <p>Oversee safe use of equipment and schedule regular maintenance. Perform verification of production output according to specifications.</p>
2020 - 2022 MACHINE OPERATOR	<p>Fiem Industries Limited: Automotive Components Tier-1 OEM Supplier</p> <p>Operated and maintained various molding machines (injection / compression) to produce high-quality automotive components as per specifications.</p> <p>Conducted routine quality inspections using precision measuring tools such as calipers and gauges to ensure compliance with standards and blueprints.</p> <p>Monitored machine operations to identify defects or malfunctions, performing minor troubleshooting and adjusting temperature, pressure, and cycle times to improve performance.</p> <p>Ensured a safe and clean working environment by following safety protocols and 5S guidelines, contributing to zero workplace incidents.</p> <p>Managed material handling for raw plastics, loading materials into hoppers and documenting usage for smooth production flow.</p> <p>Collaborated with Quality Assurance, Maintenance, and Engineering teams to resolve production issues and implement corrective actions.</p> <p>Trimmed excess material from molded parts using hand tools and prepared finished products for packaging and dispatch as per customer specifications.</p> <p>Maintained accurate production records, including quality reports and machine downtime logs, for performance and process analysis.</p> <p>SUVJAY INDIA LLP ,GIDC SANAND</p> <ul style="list-style-type: none"> • Operated rewinding and cut-sheet machines, ensuring accurate cutting, smooth production flow, and consistent output. • Followed GMP (Good Manufacturing Practices) – maintaining hygiene, cleanliness, controlled handling of materials, and disciplined behavior
2022 - 2025 MACHINE OPERATOR	

inside the production area.

- Worked strictly as per SOPs (Standard Operating Procedures) for machine operation, cleaning, start-up, shutdown, and daily workflow activities.
- Performed in-process quality checks for size, alignment, product accuracy, and batch consistency.
- Maintained proper documentation, including production logs and machine activity records, ensuring traceability and audit-ready information.
- Supported routine cleaning and preventive maintenance to keep machines reliable and reduce downtime.
- Coordinated effectively with Quality and Production teams to resolve issues and keep the workflow smooth and controlled.

EDUCATION

Degree / Course	University / Board	Percentage / CGPA	Year of passing
SSC	UB Vidhyalaya,GSSB	51%	2010
HSC	UB Vidhyalaya,GSHSEB,	61%	2012
Diploma in Elementary College	N.H. Shah PTC College,Bayad,State Education Board, Gandhinagar	61%	2014
Basic Computer Course	Industrial Training Institute, Modasa Gov-Gujarat		2013
Software and Hardware Networking (BASIC)	Prakshal InfoTech,Bapunagar Ahmedabad Gov-Gujarat		2016

ADDITIONAL PERSONAL INFO

Address	BADODARA: ARAVALI DISTRICT: GUJARAT: INDIA:383315
Languages	Languages Known: Hindi, English, Gujarati
Date of Birth	02/06/1995
Marital status	Married
Nationality	INDIAN
Gender	MALE

HOBBIES

LISTENING MUSIC, TRAVELING
